

## **Your Expertise, Our Future**

Fletcher Allen Health Care is seeking an experienced Systems Engineer to join its growing Information Systems team.

Fletcher Allen Health Care is a 562-bed academic medical center affiliated with the University Of Vermont College Of Medicine. We are a Level I Adult and Pediatric Trauma Center serving a population of one million throughout Vermont and Northern New York. With our over 6,500 employees, we are the largest private employer in the state of Vermont. Our location in Burlington, Vermont, on the shores of Lake Champlain and within sight of the Green Mountains, offers year round recreational opportunities. "Outside Magazine" and "Life in America's States" have ranked Burlington as one of the best places to live-anywhere. The area is home to four institutions of higher learning, as well as numerous businesses large and small.

Fletcher Allen Health Care is in the beginning stages of an organization wide clinical and technological transformation which will greatly improve our clinical and information systems while improving the quality of care we provide our patients and their families. With this transformation comes opportunity.

### **System Engineer – Security**

The System Engineer – Security will be part of the IS Security Team and work closely with the Chief Security Officer, Manager of IS Customer Service and Security Administration Technicians. The incumbent will be responsible for developing improved security administration workflow and techniques, assisting in the design of the security model for the Electronic Health Record system and implementing and supporting the Single Sign On and Patient Context Management system. In addition this position will be involved in developing information security policy and working with other Information Services staff to continuously improve our security infrastructure.

Fletcher Allen Health Care offers a comprehensive benefits/relocation package (including temporary housing) and competitive salaries. To apply please visit our web site, [www.fletcherallen.org](http://www.fletcherallen.org). Contact Megan for more information at (802) 847-9680
